■ Using noise reduction only

❶ Noise reduction is activated when you press button ⑨ on the left ear cups.
Note: If the headphones battery is depleted, you cannot use noise reduction.
❷ Connecting the USB cable
- Plug the small end of the USB cable into the micro-USB connector on the right
- Plug the other end into a USB wall charger or computer that is powered on. While charging, the battery indicator blinks red. When the battery is fully charged, the battery indicator glows green. A full charge powers the headphones for up to 20 hours when connected wirelessly.
❸ Power on
Press and hold the On/Off button① about 3 seconds to turn the headphones on. The LED light will flash between blue and red when the headphones are active. It also means the headphones are ready to pair.
❹ Power off
Press and hold the On/Off button① to turn the headphones off. The LED indicator turns off, indicating that the headphones are off.

■ Pairing a wireless device
❶ Keep the headphones and the mobile phone/music player within 1 meter of each other when pairing.
❷ Enter pairing mode directly after turn on the headphones.

❸ Turn your iOS, Android or Windows device`s Bluetooth on and select "TR-HF50" from the list of found devices.
● Tips: The Bluetooth menu is usually found in the Settings menu.
❹ If asked for a passcode, please enter"0000"and the headphones will be connected to your device.
❺ After pairing successfully, the LED light will flash blue occasionally, you can then answer the phone or listen to your music.

■ Charging
● Connect the headphones to a PC or power adapter with the USB charging cable.
● The LED indicator will turn into red whilst charging and will turn off when the battery is fully charged. The first charge may take up to more than 3 hours to charge.

■ Playing music
❶ Adjusting the volume: Short press "+" or "-" for volume down or volume up. The volume is completely synchronized with IPhone and most Android devices. The Music Selection: Long press "+" or "-" for previous track or next track.
❷ Play/Pause: Press (don't hold) Play/Pause① to switch between play and pause status.
Note: The controls will not function when charging.

■ Call-handling
Short press the Play/Pause① once to answer the call, long press to reject or end the call. During the call, you can increase the volume by using the volume② and volume ③ buttons on the headphones. Double press 1 to redial last number.
